Report of Forest Fire Warden

WOODLAND LITTER, WHEN DRY, IS HIGHLY INFLAMMABLE AND FIRES CAN QUICKLY GET OUT OF CONTROL. WE REQUEST YOUR COOPERATION TO CONTROL ALL FIRES SO THAT LIVES AND PROPERTY MAY NOT BE ENDANGERED OR DESTROYED, AND FORESTS BE KEPT GREEN TO FURNISH THE NATURAL BEAUTY WE ALL ENJOY AND TO GROW TIMBER WE WILL NEED.

WHAT IS "WOODLAND"?

The term "woodland" is defined by law to include, "cut-over land, slash and such other land as bears a sufficient amount of wood growth, woods, weeds, grass or other growth as to be likely to be burned over."

WHEN IN THE WOODS, YOU ARE EXPECTED TO EXERCISE CAUTION IN THE USE OF FIRE AND TO REMEMBER THAT

IT IS UNLAWFUL TO

Throw down lighted matches, cigarettes, or other burning substances from vehicles or otherwise.

Burn brush, rubbish, grass or other materials when the ground is not covered with snow, without written permission from the Forest Fire Warden.

Kindle a camp or cooking fire on land of another without permission from the owner or his agent.

Leave an open fire burning unattended.

Fail to report a forest or brush fire that is out of control.

VIOLATORS ARE SUBJECT TO THESE PENALTIES

Anyone letting a fire escape from control, whether or not he has a permit to kindle the fire, is liable for the costs of extinguishing the fire.

Anyone found guilty of dropping inflammable material in or near woodland shall be fined not more than \$25.

A person failing to report an uncontrolled brush or forest fire is liable to a fine of not more than \$10.

For kindling a fire in woodland of another without permission of the owner, or for kindling any fire without a permit when a permit is required, a person may be fined not more than \$200, or imprisoned 60 days.

DAMAGES

Every person who shall set fire on any land, that shall run upon the land of another, shall pay to the owner all damages done by such fire.

BE SURE — GET A PERMIT

Incinerators should be tight, with a close mesh screen, and be on clean ground.

Open fireplaces used to burn rubbish are classed as incinerators.

Always clean a space about any open fire to prevent its spread.

Never burn in dry, windy weather.

Have incinerators inspected by the Forest Fire Warden and get his written permission.

Report of School Nurse

MOULTONBORO

The School Health Program is much the same from year to year. The main objective this year of 1956 was to offer every child the opportunity to have the Salk Polio Vaccine. A Salk clinic was held at the Moultonboro Central School on February 16, October 11 and December 11, with Dr. Ratsep in attendance. As of December 31, 1956, my school records show:

2 children have completed 1 shot
69 children have completed 2 shots
21 children have completed 3 shots

In January 1956, five children were transported to the Orthopedic Clinic in Wolfeboro for treatment. Two children received treatment at the Laconia Orthopedic Clinic.

The hearing was tested with the Maico Audiometer in February and October.

Vision tests were also completed with the Snellen Chart. Rechecks were made with the new Good-Lite machine recently purchased for this area. This machine has its own fluorescent light which is distributed evenly over the testing card.

Head inspections, heights and weights were recorded in the spring and fall.

106 physical examinations were completed by Dr. Ratsep, the school physician, in October.

On October 29th, 43 T. B. Patch Tests were applied. A Chest X-ray Clinic was held at Center Ossipee November 8th for this area as a follow-up for the patch tests results.

Very few communicable diseases were reported but there were a few cases of Ringworm, Impetigo and Pediculosis.

Fifty home visits were made.

Report of Superintendent

To the School Board and Citizens of Moultonboro:

I present herein my second annual report as superintendent of Supervisory Union #2 which includes the Moultonboro Central School.

In thinking over what our schools should accomplish, I hope we can keep in mind that today the whole child goes to school, and that the teacher is not concerned with the mind of the child alone. Children do better school work when they are happy in their home life, are in good health, know how to get along with others and have a confident outlook on this world.

It has been agreed generally that the aims of the schools cannot be separated from the aims of society any more than the concept of a good education can be differentiated from the concept of a good life and, in our planning, we should strive to achieve the goals that have been listed in the report of the New Hampshire Conference on Education, "What the Schools Should Accomplish." The schools should produce men and women who:

1. have mastered the basic skills and tools of knowledge without which additional learning is impossible—the three R's;
2. know the history and geography of their country, understand the structure and philosophy of its government, have a feeling for its tradition of tolerance and fair play; i. e. good citizenship;
3. enjoy physical and mental health and understand the laws of hygiene;
4. have an appreciation of their own art and literature and that of other countries as well;
5. are able to provide for their needs by employment in the professions, industry, the arts and the sciences;
6. can fruitfully use, and not merely dissipate, the leisure time made available to them by the high standard of living in America;
7. have a true perception of right and wrong, and understand that no gain is worth the loss of a man's soul.

It was apparent at the preliminary conferences, in preparation for the White House Conference on Education, that the representatives of the New Hampshire schools felt that the schools should provide the best education possible for each child, whatever his ability. This means that the schools should have the facilities to handle the bright and the dull, the lazy and the industrious, the shy and the bold, the artistic and the practical.

Parent Teacher Association

The P. T. A. is to be complimented for the fine educational programs that have been directed toward the individual child

Guidance

Dr. Charles B. Regan, Director of Guidance in the Union, has developed a permanent record folder that will carry valuable information on each pupil to be used in counseling and a standard testing program for the Union has been set in operation for grades 1, 3 and 6 and, through the use of the University of New Hampshire Testing Service, batteries of tests for grades 8 and 11 have been administered.

Work Shop

The work shop this year—AUDIO VISUAL MATERIALS—was held at Ashland High School the latter part of September. The teachers were instructed about various ways of enriching their programs through the use of Visual Aids. Each one of the districts has included an item in the budget to enlarge this part of the curriculum.

Music

Mr. John Walker, a graduate of Lowell State Teachers College, Lowell, Mass., replaced Mr. Fernandez as director of the music program in Center Harbor, Meredith and Moultonboro. Mr. Walker continued the well-rounded program of music.

Teachers

We were very fortunate in obtaining the services of Mrs. Sylvester Rand of Center Harbor as a part-time teacher to relieve the large enrollment in grades 3 and 4. Mrs. Rand is teaching the pupils in grade 3 in the basic subjects and Mrs. Perkins takes them in the afternoon for handwriting, art, music and spelling.

Conclusion

The members of the teaching staff and school personnel have been very cooperative, and where cooperation exists, counseling and discussion can be carried on to advantage.

To you, the members of the School Board, I am very grateful for the cooperation given me in carrying out the supervisory duties entrusted in me by you and the State Department of Education.

You, as Board members, deserve a great deal of thanks and praise for the many hours spent in carrying out the duties of a school board member and for serving your community in this very important position.

Respectfully submitted,

MARTIN E. HEFFERNAN

SUPERVISORY UNION #2

B u d g e t

The Union Budget for the 1957-58 school year has been apportioned among the five districts on the basis of the 1955-56 average daily membership and the 1954 equalized valuation as follows:

<i>District</i>	<i>Percentage</i>	<i>Supt's Salary</i>	<i>Travel, Sec. & Office exp.</i>
ASHLAND	20.15%	\$1,007.50	\$1,326.02
INTER-LAKES Meredith Center Harbor	42.06%	2,103.00	2,767.84
HOLDERNESS	12.37%	618.50	814.03
MOULTONBORO	15.35%	767.50	1,010.14
SANDWICH	10.07%	503.50	662.67
	<u>100.00%</u>	<u>\$5,000.00</u>	<u>\$6,580.70</u>

The superintendent's salary this year is \$7,000; \$4,500.00 of this salary is paid by the five districts in the Union and the balance is paid by the State.

Report of Principal

Moultonboro Central School opened its doors September 5, 1956 for another year of school for approximately 111 children. The staff of the school remained the same with one exception. Mrs. Athalie Rand became the teacher of the third grade for the morning session. We felt that a helping teacher would relieve the crowded situation that was present in the third and fourth grade combination, and by having smaller classes the teachers of these grades could do a better job of teaching the "tool subjects," reading, arithmetic, social studies and spelling. In placing the extra teacher in the third grade, we feel that we can help more children than would be possible if a teacher were used for the same time working with individual children throughout the school.

The hot lunch program began the first day of school and will continue through the end of school in June. The cafeteria, completed in December of 1955, has proved a useful addition. Besides providing a pleasant eating place, it has been used as an audio-visual room and as a meeting place for various civic groups of the community.

Although there has been some criticism of the educational set-up in Moultonboro Central School, a survey of the pupils who have entered the high schools of this area shows that they have a good knowledge of the basic fundamentals taught all through the elementary school, and have compared favorably with children who have come from other schools in this locality. Parents and townspeople are always welcome to visit the school or classes at any time they wish and well-founded criticism is always welcome.
